THE VETERANS CONSORTIUM
PRO BONO PROGRAM

1992 2017

THEY FOUGHT FOR US, NOW WE FIGHT FOR THEM.

We believe that our veterans in need – our nation's defenders – deserve the benefits and compensation they were promised and the best legal services, free of charge, to meet their challenges.

Too often veterans are unjustly denied the benefits they've earned while serving our nation and lack the resources for access to quality legal representation. We need your help as we prepare for the next 25 years by expanding our pro bono services to veterans, increasing training for our nationwide volunteer corps, and enhancing our support for both veterans and volunteers.

Join forces with us as we gather on October 4th, 2017, to honor the volunteers who were critical to our success over the past 25 years and to highlight plans for future growth of our pro bono service to our veteran community. *Consider a sponsorship, purchase a table, or advertise your support in our program.*

For more information on our specific programs and growth initiatives, please visit our website, www.vetsprobono.org, or email us at outreach@vetsprobono.org. We are passionately committed to reaching these critical goals in service to our veterans, their families, caregivers, and survivors. It will happen with your support.
