At The Veterans Consortium, we believe that our Veterans – our nation's defenders – deserve the care, benefits, and compensation they were promised and the best legal service free of charge, to meet their challenges. TVC is a leading independent, nonprofit organization that has provided pro bono legal representation in federal venues and complementary professional services to Veterans and their loved ones or survivors since 1992. For 26 years, The Veterans Consortium's pro bono attorneys and staff have handled more than 47,000 legal requests, taken nearly 6,000 cases for deserving clients, and trained more than 4,300 pro bono attorneys and associated professionals for our TVC National Volunteer Corps<sup>SM</sup>.

On Friday, 7 December 2018, The Veterans Consortium, in conjunction with Capital One and Troutman Sanders, will present a training seminar entitled "*Pro Bono Representation before the U.S. Court of Appeals For Veterans Claims*." This is an excellent opportunity to learn about VA benefits and appellate litigation to help make a real difference in the lives of veterans. Topics will include:

- Service-connected Disability Compensation & VA Claims Process
- Dependency & Indemnity Compensation and Non-Service-Connected Disability Pension
- Options after the VA Has Finally Denied a Claim
- Judicial Review by the U.S. Court of Appeals for Veterans Claims
- Chronology of Appeal and CAVC Practice and Procedure
- Common VA Errors Raised and Settlement Issues
- Attorney Fees under the EAJA

**Sponsored By:**
